GENERAL DISCLOSURE

BNY Mellon Capital Markets, LLC (“**Capital Markets**”) is a full service registered broker-dealer and an indirect wholly owned non-bank subsidiary of The Bank of New York Mellon Corporation (“**BNY Mellon**”). BNY Mellon and its affiliates lend and provide other products and services to issuers and others, and provide and receive related fees and compensation. Capital Markets is a member of FINRA and SIPC, which protects securities customers of its members up to \$500,000 (including \$250,000 for claims for cash). Explanatory brochure available upon request or at www.sipc.org. SIPC does not protect against loss due to market fluctuation. **SIPC protection is not the same as, and should not be confused with, FDIC insurance.**

This material is for reference purposes only and not intended to be a recommendation (by any BNY Mellon entity) with respect to, or solicitation or offer to buy or sell, any particular financial instrument, including but not limited to BNY Mellon stock, or to participate in any particular trading strategy or to utilize the services of the Firm for any transaction, which is solely your decision and not that of any BNY Mellon entity, and is not tax, legal, investment or accounting advice. Nor is it an offer or solicitation in any jurisdiction in which such an offer or solicitation would be illegal. Capital Markets does not make representations as to the actual value to be received in connection with a transaction. Although information is from sources believed reliable, there is no undertaking as to accuracy and opinions and information contained herein are subject to change without notice. Difficulties in the mortgage and broader credit markets have led to a substantial decrease in the availability of credit. The extent and duration of any future continued weakening of U.S. and global credit and financial markets, higher costs of borrowing, and disruptions in debt and equity markets potentially make it more difficult to liquidate an investment, or determine the impact, if any, on the performance and prospects of particular issuers or securities. A client should not enter into any transactions unless it has fully understood all risks and that not all investments will be suitable, and has independently determined that such transactions are appropriate, for the client. Prices may fluctuate and it is possible that such fluctuations may be substantial in response to many factors including, without limitation, general market and market sector conditions, U.S. and global, in addition to company specific conditions. **Past performance is not a guide to future performance of any instrument, transaction or financial structure, and a loss of original capital may occur.**
