Past performance is not a guide to future performance of any instrument, transaction or financial structure, and a loss of original capital may occur.

Fixed Income Securities. Fixed income investments, including municipal bonds, are subject to various risks including changes in interest rates, call features, credit quality, possible default, difficulty in market valuations, liquidity, prepayments, early redemption, tax ramifications, inflation and other factors.

Floating Rates. Investment in any floating rate instrument presents unique risks, including the discontinuation of the floating rate reference or any successors or fallbacks thereto. Capital Markets does not guarantee and is not responsible for the availability or continued existence of a floating rate reference associated with any particular instrument. Before investing in any floating rate instrument, please evaluate the risks independently with your financial, tax and other advisors as woulden macessary. you deem necessary

Treasury and Government Agency Obligations. Not all obliga-tions of the U.S. government or its agencies and instrumental-itles are backed by the full fath and credit of the U.S. Treasury. In addition, if not held to maturity, prices will rise and fall on interest rate movements in response to economic conditions.

Corporate Debt. Corporate debt securities are subject to risks including, but not limited to: early call or redemption risk, reinvestment risk, interest rate risk, credit risk, event risk, sector risk or market risk.

Commercial Paper. Commercial paper, an unsecured, short-term debt instrument, is not usually backed by any form of collateral, and although there may be back up lines of credit or back up liquidity, may still be subject to default by the issuer.

Certificates of Deposit. Certificates of Deposit are most suitable for holding until maturity. Early withdrawal of any CD may not be available and may be subject to applicable penalties.

CDs: Limits on FDIC insurance. If you have or will have money on deposit (such as a savings account) at the same insured institution that issues the CDs, the total value of your deposit accounts could exceed the amount of FDIC insurance to which

Yankee CDs/No FDIC Insurance. Yankee CDs are not FDIC insured in whole or in part.

Money Market Mutual Funds and Ultra Short Bond Funds. Money market funds generally only invest in certain high-quality, short-term investments issued by the U.S. government, U.S. corporations and state and local governments and are subject to strict diversification and maturity standards. Ultra-short bond funds are not subject to these requirements. The net asset value (NAV) of an ultra-short bond funds as stable NAV of \$\$1 per share, although there is no guarantee that they will achieve this goal.

this goal.

For clients located in Jordan

These materials do not constitute a public offering prospectus under the laws of Jordan. These materials are intended solely transmitted. These materials will be transmitted to potential investors in Jordan: (a) upon their request and confirmation that they understand that the contemplated securities have not been approved or licensed by or registered with the Jordan Securities Commission or any other relevant licensing authorities or governmental agencies in Jordan; and the information provided. The information provided is not intended to be and should not be construed as "advice" within the meaning of Section 15B of the Securities Exchange Act of 1934 or the reliast them to be securities the securities the securities flow and stransmitted. These materials will be transmitted to potential investors in Jordan: (a) upon their request and confirmation that they understand that the contemplated securities have as a municipal advisor and may, from time to time, act as a municipal advisor with respect to municipal issuers and their westments. Issuers should consult with its own financial and/or municipal, advisor on the transmitted or provided. The information provided is not intended to be and should not be construed as "advice" within the meaning of Section 15B of the Securities Exchange Act of 1934 or the reliast free Securities Exchange Act of 1934 or the reliast free Securities Exchange Act of 1934 or the reliast free Securities Exchange Act of 1934 or the reliast free Securities Exchange Act of 1934 or the reliast and/or municipal advisor to serve in that deresses, then the addressee would like an unicipal advisor and may, from time to time, act as a municipal advisor with respect to municipal sures and their unicipal advisor.

Mutual Funds. Before investing in mutual funds, it is i ant to understand the sales charges, expenses, and management fees that you will be charged, as well as any available volume-based breakpoint discounts, and whether the mutual ind's investment strategy is compatible with your investment

Equity Securities. Prices may fluctuate and it is possible that such fluctuations may be substantial in response to many fac-tors including, without limitation, general market and market sector conditions, U.S. and global, in addition to company spe-cific conditions. Dividends are not guaranteed and are subject to change or elimination.

Exchange-Traded Funds (ETFs). ETFs generally represent an interest in a portfolio of securities and/or commodities, subjecting the investor to a substantial loss in principal and income due to market risk, interest rate risk, liquidity risk, currency exchange risk, and risks specific to a particular sector

Options. Options carry a high level of risk and are not suitable for all investors. An option holder may lose the entire amount paid for the option in a relatively short period of time and an options writer may incur significant loss if the price of the underlying interest declines.

discuss any financial instrument offering, engagement, or relationship with its own counsel and financial advisors. Capital Markets does not provide tax, legal, or accounting advice, and any information provided by Capital Markets does not include the legal, tax or accounting effects of consummating any transaction.

No Tax, Legal or Accounting Advice. Capital Markets does No lax, Legal or accounting Advice. Capital Markets does not provide tax, Legal, or accounting advice. You should inde-pendently and carefully consider whether any information or investment instruments are suitable for your particular in-vestment objectives and financial position and, if you believe it appropriate, seek professional advice, including tax, legal and accounting advice.

Reat performance is not indicative of nor a guarantee of fu-ture performance and a loss of original capital may occur. You should not enter into any transactions unless you have fully understood all risks, that not all investments will be suitable, and you have independently determined that such transac-tions are appropriate, for you. Investing in securities involves risk, including loss of the principal amount invested. Additional information is provided on FINRA's Web site at https://www.finra.org/investors/learn-to-invest/key-investing-concepts/evaluating-investment-performance.

evaluating-investment-performance.

Mortgage-Backed Securities (MBS). Potential issuers of securities should discuss any financial instrument offering, engagement, or relationship with their own counsel and financial advisors. Beginning in the second half of 2007, difficulties in the mortgage and broader credit markets led to a substantial decrease in the availability of credit. As a result, U.S., European and global credit and financial markets in general have been, and are, experiencing difficulties. The extent and duration of any future continued weakening of these markets, higher costs of borrowing, and disruptions in debt and equity markets may potentially make it more difficult to issue a financial instrument, exit an investment or define the impact, any, on the performance and prospects of particular issuers or securities. There can be no assurance that any of the governmental or private sector initiatives designed to strengthen the condition of the credit markets will be successful, and there is no way to know the effect that these initiatives will have on the
